Optimising Energy...

Invention of Electricity has undoubtedly been an epoch making event in the history of mankind. AB Power aims at harnessing this phenomenon for the prosperity and happiness of mankind. But AB Power also aims at maintaining the sensitive ecological balance that has become a threat to the entire world today. Keeping these noble motives in mind, AB Power was established in 1998 with an aim of optimising Power Systems to deliver efficient Energy through Power Quality Improvement and Reactive Power Management.

AB Power exists to design and deliver customised Power Quality Solution to help Consumer and Utility companies become energy efficient which will ultimately result in enhancing their business as well as profits by way of savings. AB Power received ISPAT UDYOG RATAN AWARD at the hands of Hon. Union Steel Minister for it's outstanding performance rendered to Steel Industries in providing high power factor to almost 99.9% and reducing power Bills.

In Collaboration with World Leader Company LIFASA, Spain, AB Power takes pride in delivering optimum Power Quality Solutions to our customers through State of Art design, high investments in R & D having a highly trained team proficient to deal in all aspects of the business. AB Power systematically and incrementally invests in continuous growth of our employees to enhance their knowledge and skills, which in turn contribute to their growth and the benefits that come with it. AB Power supply products & services worldwide & exist for more than two decades.

AB Power holds the **Management System Certificate ISO 9001-2015** and **Environmental Management System Certificate ISO 14001:2015** and **Occupational Health & Safety Management System OHSAS 18001 : 2007**

"We optimize Power Systems and deliver efficient energy through Power Quality Improvement and Reactive Power Management."

Alok Kumar
MD, ABPS Solution Pvt. Ltd.

VISION

Create and nurture a global culture to use energy efficiently by facilitating Quality Power to everyone and contribute in reducing global warming.

MISSION

To give our customers a Competitive Advantage by helping them Save Energy by way of Quality Power and establish ourselves as the Preferred Energy Provider globally.

Optimising Energy. Saving Power of Nation.

AB POWER Core Values

SIMPLICITY INTEGRITY **CUSTOMER COMMITMENT** **DIVERSITY** **ACCOUNTABILITY**

- We strongly believe that 'Customer is the King', and hence our first priority and greatest commitment is towards our customers. We and our organisation exists solely for them.
- We believe that long term value addition far outweighs the allure of short term gains. That is why integrity is integral to all our work processes, from research to sales. We are honest, fair and transparent every step of the way.
- Good is the enemy of great. So while we take pride when we get a letter of appreciation from our clients, we don't lie back and rest easy. In fact, that motivates us to stay passionate and keep pushing ourselves ahead relentlessly.
- It is simple to be difficult, but difficult to be simple. No matter how evolved or advanced technology becomes, its implementation and design has to be as simple as possible. That is one of the guiding principles of our R&D team.
- Excellence is possible only if there is accountability. We assign tasks and reward excellence, but ensure there is accountability at every level. That is the best way to ensure there's no compromise in the quality of our output.
- We encourage diversity in all aspects – Age, gender, educational qualifications, ethnicity and culture. More the diversity, more the range of ideas that come to the table.

Our Clientele

and more...

AB POWER Product Range

■ LV POWER QUALITY MANAGEMENT GROUP

POWER CAPACITORS (UP TO 1000 V)

- NORMAL DUTY CAPACITORS
- HEAVY DUTY CAPACITORS
- EXTRA HEAVY DUTY CAPACITORS
- REINFORCED CAPACITORS

AUTOMATIC CONTROLLED CAPACITORS

- CONTACTORS CONTROLLED
- THYRISTORS CONTROLLED
- HARMONIC FILTERS

PASSIVE HARMONIC FILTERS

- DETUNED FILTERS
- TUNED FILTERS
- HIGH PASS FILTERS
- 3RD HARMONIC FILTERS
- IGBT BASED ACTIVE HARMONIC FILTERS

■ HV POWER QUALITY MANAGEMENT GROUP

- OPEN TYPE HIGH VOLTAGE CAPACITOR BANKS
- POLE MOUNTED CAPACITOR BANKS
- ENCLOSED TYPE AUTOMATIC CONTROLLED CAPACITOR BANKS
- STATIC VAR COMPENSATOR
- CUSTOM MADE EQUIPMENT (UP TO 132 KV)

SPECIAL PURPOSE CAPACITORS

- LIGHTING CAPACITORS
- MOTOR RUN CAPACITORS
- POWER ELECTRONICS CAPACITORS
- ENERGY STORAGE CAPACITORS

REACTIVE POWER CONTROLLERS

- STANDARD CONTROLLERS
- ADVANCE CONTROLLERS
- CONTROLLERS FOR THYRISTOR SWITCHES

SERVICES : HARMONIC ANALYSIS | ENERGY AUDIT
